

# DARIO VILLESCLAS

El Paso, TX | dariovillesclas@outlook.com

## PROFILE

Bilingual operations and manufacturing support professional with experience in inventory control, packaging materials, warehouse support, process documentation, and cross-functional coordination. Currently studying Operations and Supply Chain Management at UTEP with an Entrepreneurship minor. Builds practical, AI-assisted internal tools for order tracking, inventory visibility, and equipment workflows.

## CORE SKILLS

Inventory Control | Packaging Films & Bags | Manufacturing Support | Process Diagrams | Training Videos & Work Instructions | Cross-Functional Coordination | English/Spanish Fluency | AI-Assisted App Development | Inventory Visibility | U.S. Work Authorized

## EXPERIENCE

**Operations & Inventory Support** - RD Food Manufacturing | El Paso, TX | 2019-present

- Support daily operations across inventory, packaging, warehouse, and production functions in a food manufacturing environment.
- Track and organize packaging films, bags, ingredients, and related materials with zero production stockouts from tracked materials since 2019.
- Support packaging design updates and production planning, working with specifications, deadlines, and cross-functional teams.
- Create process diagrams, one-page work instructions, and training videos used to train more than 100 employees.
- Built AI-assisted internal applications to support order tracking and shared inventory visibility across departments.
- Created a QR-code-based equipment management approach linking equipment lists to maintenance logs, parts ordering, and inventory tracking.

## EDUCATION & TRAINING

**The University of Texas at El Paso:** Operations and Supply Chain Management major, Entrepreneurship minor - currently enrolled.

**Applied Operations Learning:** Connecting coursework with real production planning, inventory visibility, and process improvement work.
